Dr. Chantal Julia is an Associate Professor in Nutrition at Paris 13 University. She holds a medical degree in Public Health and a PhD in Nutritional Epidemiology. Her area of expertise is in the evaluation of public health policies in nutrition, and in recent years, her research has focused on the evaluation of front-of-pack labels. More specifically, she has published more than 20 papers in international peer-reviewed journals since 2014 pertaining to the validation of the Nutri-Score in its two dimensions: validation of the underlying nutrient profiling system and validation of the graphical format. She has been recognized as an expert in the field of nutrition labeling, with the participation of WHO workshops. Chantal Julia is responsible of the research axis pertaining to the evaluation of public health nutrition policies in EREN.
