Achievements in Past Year

- 2018 World Influenza Conference
- Infectious Disease in China - The Best Practical Cases
- Attended 22nd International AIDS Conference & Organized Chinese Satellite
- Attended 52th WFPHA Annual Meeting and 71th World Health Assembly.
- Promotion of 16th Word Congress on Public Health on
Governance Lessons

- Informatization construction needs to be improved

- Shortage of top quality journals and English periodicals

- Science and technology awards with international influence need to be established

- Lack of international authoritative think tanks
